Message from the Manager

Welcome to the Summer of 2009 program offerings from your Aquatic and Fitness Center. Water recreation and swimming enhances our lives. To fully enjoy the water, it is important for each of us to participate safely and to model safe behaviors. The staff at your Center wants you and your family to be safe while enjoying our facility or other areas where water recreation and swimming take place. You will see weekly safety messages incorporated into the programs offered throughout the summer. We hope you will give your attention to these messages and put into practice our recommendations. Together we can keep the FUN in Fundamentals and Do Our Part... Be Water Smart. *DEBBIE WADLEIGH, MGR.*

PARENT LESSON TIPS

1. Family Changing Rooms are available for children six and older or the children can use the locker room of their gender.
2. Please have your child use the restroom prior to swim lessons. This helps keep your child in the pool for the whole lesson.
3. Please secure your child's hair from their face prior to the lessons. This will make learning front skills easier.
4. Bring a large towel to help dry off and warm your child after their class. The pool and air are heated; still when your child is wet they may feel chilled when the lesson is over.
5. Please have your child take a shower before coming on deck for their lesson. This helps get the body ready for getting into the swimming pool.
6. De-emphasize passing or failing a class. No child fails a swim class-they all improve. Several sessions at one level is not uncommon.
7. Bring your family to Open Swims, Family Swims and use the coupon issued to attend the Family Bonus time. Use this time to practice skills from class and play together.
8. Communicate with your child's instructor. There are approximately 5 minutes before and after your child's class that your child's instructor may be available to talk with you. Please leave them a message at the front desk, if necessary, so that the instructor can get back to you.
9. Try to only have light meals prior to your child's swimming class. This will help prevent any stomach discomfort that the extra excitement/anxiety of swimming lessons can cause in some children.
10. If you notice your child crying or not paying attention to the instructor you may need to withdraw from their sight. This will give your child a chance to focus back into the class and their instructor.
11. Always be positive when talking about swimming. Your children look to you for positive feedback, attitudes and encouragement.
12. Lesson spectators please watch from the bleachers. Viewers without strollers will be welcome on the westside bleachers. Please try not to walk back and forth as this can be a distraction to the Lifeguard and your children.
13. Siblings should remain with their parents. The wading pool is not available during swimming lessons.

Thank you for your assistance!

This class occurs in 6 ft. of water and you do not need to be able to swim to participate. Foam buoyancy/support belts around the waist/hips and buoyant hand-held "dumbbells," even noodles are used to keep you upright and your head out of the water. Zero joint impact with muscle toning and flexibility throughout the entire body is the goal.

Deceptively gentle leg moves and stretches at the wall of the shallow end of the pool. Benefits include muscle and ligament toning, increased range of motion, resulting in more flexibility, better balance and coordination. The 20 additional minutes take place in the wading pool for some additional stretching and back extension work and leg work.

Water Wellness

For all levels of fitness the moves are designed to accommodate those that want to work at a less intense level and those who want to move more vigorously. The workout is varied with different music selections and optional usage of pool equipment such as noodles, gloves, and hand held foam "dumbbells" that are used to enhance the subtle strengthening, toning, limbering moves done in shallow water.

We have books on budgeting and saving your money. Need a job? We have free computers to look for a job online, create your resumé, cover letter and e-mail your application and documents. You can even bring your own resumé paper for a more professional look. If you have your own laptop computer, and a WI-FI card, we have WI-FI as well.

If you are interested in changing careers, we can help with that. Our Reference Librarians have many resources at their fingertips, like the Occupational Outlook Handbook, which gives you information on different careers, and what they require in terms of education. Also included: the salary outlook, and kinds of opportunities available, now and in the future.

Are you looking for fun on the cheap, too? We have the latest DVDs and music CDs. Books are available for listening on CD, cassettes and MP3. Once a month, a movie is shown at the Library, for free. So far, the line-up has included classic titles like *The Maltese Falcon* and *To Kill a Mockingbird*. For kids, we have books, story-times several times a week, games and crafts in the Library, and a great line-up of performers for the Summer Reading Program. There are lots of ways the Woodburn Public Library can help you!

ANNA STAVINOHA, LIBRARY MANAGER

CAN'T COME TO THE LIBRARY? THE LIBRARY COMES TO YOU!

Are you stuck at home? Our Homebound program brings books to people who can't get to the library due to illness or disability. Call the Library at (503) 982-5252 and ask for Christine. After a brief interview, we'll choose regular-print books, large-print books, audiobooks or other materials based on your preferences. We offer all kinds of books, from mysteries and westerns to true crime and politics. We have books on every topic under the sun, and many are available in large print. Each month you'll receive new selections and have a chance to give feedback and update your choices. With our Homebound program, you can keep up with your favorite authors and keep reading, even if you can't make it into the library.

WOODBURN LIBRARY BOOK GROUP

Did you know the Woodburn Public Library has a book club? We meet the second Thursday of every month at noon at the library. Here's how it works: you read the book on your own time. If you don't already own a copy, you can check one out from the library. On the book club date, come to the library ready to talk about the characters, story, themes, and more. Here's what we're discussing this summer:

June 11: *The Call of the Wild* by Jack London

July 9: *Old School* by Tobias Wolff

August 13: *A Farewell to Arms* by Ernest Hemingway

September 10: *The Heart is a Lonely Hunter* by Carson McCullers

It's an easy way to read some great books, exercise your mind, meet some fellow readers, and have fun! Since we meet at noon, you are welcome to bring your lunch. We always have enough coffee, pop, and delicious cookies for all. Call the Reference Desk at 982-5252 for more details.

THE AFTER SCHOOL CLUB

After School Funding Update

The After School Club is funded largely through a federal grant, which expires at the conclusion of the 2009 school year. An application for continued funding was submitted to the Department of Education last month, and a decision is anticipated by the first of June. If funded, the After School Club will operate just as it did in 2008-2009; serving all 4 elementary schools with supervised enrichment programs everyday after school. If the grant is not awarded, significant changes will be made to the program, potentially including the closure of some school sites, and possible fee increases.

An announcement regarding program details will be made as more information is available. Please visit the City's website for up to date information: www.woodburnparks.org. Regardless, the City of Woodburn will begin accepting After School Club registrations on July 1, 2009 for the 2009 – 2010 school year.
